## **Public Hearing of Ordinances**

2010-3009 - To exceed appropriations limit. Jim Grenafegé wanted to make a point that this ordinance is proof or an example of poor planning and management.

Sandra Craig-Barry said that she is disheartened by the budget and it should not exceed the appropriation limits.

The ordinance passed with a vote of 4-1 with Sean Byrnes voting no. Sean said it is a tough economic climate but we exceeded caps last year and continue this year due to a lack of planning on the part of the Committee. Included in this years' budget is an increase of \$5M resulting from a shortfall in last years' budget. The need for a cap is a symptom to prevent excesses from going forward. He said we need a process to formulate a budget and address the economy that the Township is faced with. He said we will see cap waivers next year and for years to follow if something is not done now.

Tony Fiore commented that he doesn't take the budget and exceeding the cap lightly. He agreed with Mr. Byrnes about planning but there are costs that drive these increases. He said there were many drivers that caused us to exceed the cap. He pointed out that snow removal on Saturday and Sunday caused an extra expense. Retirements were a big driver. Vacation and sick time expenses were over \$1M. Insurance costs continue to go up but they are continuing to negotiate with unions. Plus, we had to carry over \$1.85M from last year. He said it is pure politics to say they were not planning but agreed that more planning needs to be done. He said there were very few things that can be done to lower this budget and you can't turn a huge ship on a dime. Hopefully next year we will be in a better position than this year.

2010-3010 – Fire Inspector Shared Services. Sam Poston wanted to know why they were doing this. He thought both parties were

supposed to benefit but how will the town benefit with Red bank doing the fire inspections in Middletown. He said there were numerous fire personnel in back of the courtroom that do not think that Red Bank can do an efficient job and that this is another result of poor planning. Mr. Poston said that the Township was notified 12 years ago that the fire prevention staff was understaffed. He wanted to know how Red Bank is going to do the job if Middletown can't.

Tony Mercantante said they don't have an agreement with Red Bank yet and this will start negotiations to work on an agreement. Mr. Poston wanted to know what the expected savings were going to be. Gerry Scharfenberger said the negotiations haven't started yet. Mr. Poston said that the Township must have some idea in the amount that it would save by entering this agreement and he doesn't know how savings can be realized if Middletown can't do it themselves and Red Bank costs more than current inspectors. He can't understand the expectation that this will save us money.

Tony Mercantante said Mr. Poston can express these feelings when the town has a draft agreement and these comments would be appropriate then. Gerry Scharfenberger said we will have input from everyone involved before a decision is made. Mr. Poston pointed out that Red Bank is not a civil service town and Mr. Scharfenberger said that maybe we can get help from the Governor on that. The ordinance passed with a vote of 5-0,

Resolution 10-191 - To read the budget by title and open the public hearing. The Committee all voted in favor.

Paul Jansen said in the middle of the winter he stated that taxes were going up and to be honest with residents and they weren't. He said that the Township claimed about a 2% tax increase and he figures that it will be about a 13% increase. He said that the Committee should be embarrassed by the fact that it took one Committee member to stand up and say just

# YOUR TOWN HALL

what the increase was going to be. He said that the truth should not be obfuscated.

Lee Beaumont said he is a Poricy Park conservatory volunteer, which is a non-profit organization funding environmental, science and history education. The Board of Trustees members are thankful for the support of the Township Committee.

Joyce Ferejohn, of the Poricy Park Conservatory, said that she is passionate about the park and its services. She is hoping that their funding won't be cut considering the Townships budget constraints. The Conservancy has looked at strategic fiscal management and there is no place to cut back. Raises are not even asked for. She said annual support from the Township is 10% of the budget and last year they were in the black. If further cuts are implemented it would crush the volunteer base at the park. If using Township employees were not a resource then they couldn't function to provide the services that they offer. Gerry Scharfenberger said she was preaching to the choir and they will do their best to preserve what is critical to the town in all fairness. Sean Byrnes asked what was the support they received in 2009. Pam Brightbill said that it was \$25K (?). Greg Silva stated that full grounds and building maintenance is done by Parks & Recreation.

Sandra Craig-Barry said as a business owner she has to work within a budget and can't go to taxpayers for more money. She thinks a closer look at the budget still needs to be done and we need to keep to the needs only. Gerry Scharfenberger asked her what she thinks needs to be cut. Ms. Craig-Barry said she would have to look further because the Township spread sheets don't tell enough. Mr. Scharfenberger said there is little discretionary spending. Pam Brightbill wanted to know that of the 300 employees, how many are not in a union. Tony Mercantante said 30 were not because they are management. Ms. Brightbill said she is hoping civil service rules will change.

Angela Bennink said that she sees brush collection on Saturday. Gerry Scharfenberger said they do not collect on Saturday. Ted Maloney said that it might be the Clean Communities or Recycling group, but there is no overtime for brush collection. She said that with regards to the budget and this economic climate and we are told that we have to abide by what the unions say, she wanted to know what the rest of the people are supposed to do. Mr. Scharfenberger said this is what the Governor is trying to do. She said that she is all for what the Governor is doing and reading what the mayor and Mr. Byrnes have to say in the Two River Times. She said if our taxes continue to go up and salaries continue to go down, we won't be able to afford to live here.

Jim Grenafege said it seems like the mayor is asking now to provide input now. He said something should have been done to get input long ago. He said Tony Fiore said events caused these increases but it was poor leadership, planning and management. He said he didn't see any leadership from the majority on the Committee. They waited until July to put a budget out when people are on vacation. He said that the pension payment is mandated because they were deferred last year in order to be allowed to exceed last year's cap. An ordinance encouraging early retirements was passed last year. He said that you don't wait until the last minute to turn the ship around. Something should have been done in 2007 when the financial crisis was seen coming. Tony Fiore said that Jim and Sean have made comments and political statements that nothing is being done. He said he joined the Committee in January 2009 and the financial crisis began in September of 2008. The whole committee approved the insurance audit. He said that they addressed this insurance budgetary item. Mr. Fiore said that when you see the budget come in you will see savings already and there will be

# YOUR TOWN HALL

additional savings, but there are things that can't change.

Jim Grenafege said that Tony is relatively new on the committee and commended him on the insurance audit. Mr. Grenafege said that he has been asking the Committee for 5 years about what is being done to save the tax payer money and has not been getting any answers.

Sean Byrnes commended Mr. Fiore for his health insurance work and said he has a strong background in that. There was a \$1.4M overage in Health Insurance claims. Mr. Byrnes agreed it is difficult to turn a ship that is underway but this ship has been underway and on fire for 2 years. He said we have to cut somewhere else if we are locked into a contract until things can be changed. We deferred the pensions last year by the \$1.5M. We knew if we did not pay it last year that we would have to pay it this year and this year we have to pay \$1.9M. Mr. Byrnes said that they knew that there was an \$800K hole from health claims, there were big tax appeals coming and they knew that there were collective bargaining agreements that would have to be paid. He said what has frustrated him was that whenever he brought this up in 2009 he was told by the majority that they had a plan. Mr. Byrnes agrees that there are items in the budget that could not be anticipated, but there are items that have been evident for the past 2 years. He said that the tool kit alone will not save us and that they have to figure out process wise how to deal with what continues to occur. Mr. Byrnes said that when the tool kit becomes available we need to act on it right away. He said we need to be honest with people. He suggested that we could cut Parks and Recreation and Arts Programming and implement 1 day garbage collection.

Gerry Scharfenberger said we've heard a pretty grim picture but this is a statewide problem. We have the lowest workforce per

capita and are short 20 to 30 police. The toolbox goes with the 2% cap and is essential. He said we can't say no to unions because of arbitration and it costs \$1,500 per day to say no. It's great to say we need to look at the process but we can't project the future. He said everything financially in town is good. The town had a \$1.7M cut in state aid and there is no way that they could have seen this coming. We now have \$1M in severance costs. The Governors decisions have a ripple effect on the town because long term employees ran for the door to protect their pensions. He said the toolbox will be magnificent.

Bob Superti had several suggestions. He said to stop deferring debt to avoid paying additional interest. We should be selling our services to other towns not trying to get them from other towns. He felt a finance committee is an excellent idea because the Committee doesn't have time to look at everything and they can make suggestions all year, but nothing gets done without the Committee's decision. He said last year's effort was not the only thing that got us to this point. Bob said that if there were thoughts like this a decade ago he wondered if we would still be in the same position.

Robert Roth was pleased to see that the Township Committee sent an email asking residents to provide input on the budget. He asked the Committee to verify that they were not voting on the budget that evening because the Township had to go in front of the Local Finance Board to get approval to exceed the cap. He thought it might be beneficial to bond to cover the severance packages for this year because the rates are low. Gerry Scharfenberger said Senate bill S1804 allows deferral with no interest but it is still a deferral and has to be paid and this will be a change that will be in our budget. However issuing bonds is even better because the town does not have the means to raise the funds for the deferred payments.

# YOUR TOWN HALL

Cynthia Bianchi started to thank the Committee for the hot dogs at the beach but was cut off because her comments were not related to the budget.

Mary Mahoney wanted to know where the money is that was bonded for the W. Front St turf fields. Nick Trisante said it was still in the bank and some of it went to the engineer. Mrs. Mahoney asked why it was still in the bank while the Township is paying interest on it. Mr. Trisante said that the plan is to reallocate it for other projects or use it for some work that still needs to be done with the field. He said that what was left over would be canceled and used to pay off the debt. Mrs. Mahoney was confused as to why there was a rush to use it in the first place. Tony Mercantante said they will address the capital budget at their next meeting and some of the money might be allocated to other projects. Mrs. Mahoney asked how much we are paying in interest to which Mr. Mercantante said he wasn't sure. Mrs. Mahoney said she is the CFO of her household and these are the kinds of things that have to be looked at. She started cuts last year and it is another area where we need to be better planners because the money was bonded for a specific use and now it is being changed for a different use. Gerry Scharfenberger said it cost money to bond and it is cheaper to reallocate. Tony Fiore said the soccer fields in town are damaged for the lack of rain. Mary continued by saying there was a very important meeting in July and it was hard for her and others to attend. She pointed out that these types of meetings should be televised to allow a broader audience to understand what our local government is doing. Gerry Scharfenberger said that the expense would be about \$100K. She wanted to know what is more important, concerts in the park or the meeting and Mr. Scharfenberger said the concerts were not public record and the matter was a little more complicated. Mr. Fiore said that corporate sponsors pay for the taping of the concerts. Mrs.

Mahoney concluded by saying that other towns and Freeholder boards can televise the meetings and she was sure that Middletown could find the means also. Sean Byrnes wanted to know where this \$100K figure is coming from since he requested a breakdown of the televising costs and has not received it yet. Tony Mercantante said they were working on the analysis. Mr. Byrnes said that even if it was \$50K or \$100K, most of it would be start-up costs. He said there were 40 to 50 people present and there are about 68 thousand people in Middletown and it makes more sense to televise to close that gap. He said we spend \$60K-\$70K on Middletown Matters (the township newsletter) and it would be more effective to televise these meetings.

Kevin Cox said his salary is fixed but he is lucky to have a job. He opened the township web page and wanted to know what reaction there was to the request for feedback on the budget. Mr. Scharfenberger said there was very little feedback except for saying no to unions and other comments about the Board of Education (BOE) budget. Mr. Cox said we need to look at line items more closely. Other expenses are not detailed in the budget. He wanted progress shown in dollars spent as the year progresses. Mr. Scharfenberger said we have a CFO and top experts in the state helping us and we need a change from the top down and that's what we're getting from the Governor. Mr. Byrnes presented spreadsheets for the 2008 and 2009 expenses and it should be opened up to the public so they can see. Mr. Cox said that this type of information should be available to the public so people can provide info on where the waste is.

Abe Littenberg thinks the Township should roll the Sewerage Authority into the Department of Public Works (DPW) to eliminate the separate attorney and organizational fees. Mr. Scharfenberger said it is a separate entity with the cheapest rates in the area. He said that the Township is trying to

# YOUR TOWN HALL

divest itself of responsibilities, liabilities, employees and would not want to combine them. Mr. Littenberg said that there is a cost involved but there is also income involved. He wanted to know if the taxpayer would come out ahead by collecting the fees. Tony Fiore said they would if the sewer authority wasn't paying off debt faster instead of incurring interest. We do things for them to help as much as we can, such as billing and tax services. Mr. Scharfenberger said it is a very well run operation and we would not want to bring on their debt, salaries and pensions.

Mr. Byrnes disagreed and said it is a very good idea to combine them. He proposed it last December because there is a lot of overhead like auditors, engineers and lawyers. They have a budget of \$12 to \$13M and only meet once a month. Their health benefits and pensions total about \$100K per year. He said that in 2009 there were about \$800K in professional fees, \$6-700K in engineering fees and about \$150K in attorney fees. He said the overhead can be eliminated, but it's possible it may not work and that is why a study needs to be done to prove if it can work. Mr. Byrnes commented that the sewer authority gave the Township \$365K in excess funds towards this years' budget.

Mr. Scharfenberger said bringing on their debt would lower our bond rating and he believes Marlboro is regretting taking over their Sewerage Authority.

Vote to close 5-0. Vote on budget will be August 16, 2010.

Resolution 10-189 is for a public hearing for the Municipal & Utility Budget. No members of the public came forward to address this resolution and it was voted 5-0 to close the public hearing.

Resolution 10-190 is for a public hearing on the Solid Waste Budget.

Bob Superti said he saw a lot of reading material on handling solid waste by farming it out, however, he said we would profit more by recycling. Tony Fiore said in last year's audit we saw we are receiving top benefits from recyclers and would have a larger gain with more recycling. Mr. Superti said based on Ocean County figures we could make more money if we collect recycling ourselves. Ted Maloney said we pay to have recycles collected and delivered to a recycler. The recycler pays the town for what is collected. He said fiber products have more value. Nick Trisante said recyclables have peaked over the last few years and it is very variable in price. Bob Superti said it is very specific in the ordinance as it excludes food products. Brian Nelson said the discussion did not pertain to the solid waste budget and had to be continued later in the meeting.

Mike Di Maio wanted to know if they looked at automated trucks to reduce manpower. Gerry Scharfenberger said it would involve a large capital outlay for new trucks. Tony Mercantante said most people do not want to change the way they handle their garbage. It would take a lot of public buy-in. Mr. Di Maio then said change might not want to take place but if the whole town was on the same contract it would be less costly. Mr. Mercantante said multiple towns are looking at combining collections. Mr. Di Maio said he was surprised to still see debris in the street. Gerry Scharfenberger said they looked at every scenario in the leaf collection arena. Sean Byrnes said it would be good next year to go down to one day a week garbage collection after the amount of recyclable collection increases. Mr. Scharfenberger said that once a week collection will not reduce the cost that much.

Vote to close the public hearing was 5-0 and the final vote will be August 16, 2010.

# YOUR TOWN HALL

## INTRODUCTION OF ORDINANCES

2010-3011 was introduced with a vote 5-0. Sean Byrnes said he heard the argument from the association and it is that trucks can't get around but the town's opinion is that everyone will opt out. Tony Fiore said this just shows that it is difficult to get the whole town on board to be part of the garbage district.

Ordinances 3012, 3013, 3014, 3015 and 3016 were all introduced with a vote of 5-0. Ordinance 3016 drew a comment by Sean Byrnes.

Mr. Byrnes said that for the record this ordinance is to pay for tax appeals for this year but more appeals are coming and we need to plan for this. He hopes a mechanism will be put in place to deal with these tax appeals in the future.

## RESOLUTIONS

195, 196, 197, 201 were pulled by Mr. Byrnes for a separate vote.

Resolutions 10-194, 10-198, 10-199, and 10-200 along with bingo and raffles and volunteer firefighter applications were voted on all together with all Committee members voting in favor of their passing.

Resolution 10-195 - Mr. Byrnes wanted to know if this was the low bid and Mr. Maloney said it is the current contractor and the lowest bid. All voted in favor of its passing.

Resolution 10-196 - Mr. Byrnes asked if we were still raising the salary of this position and Mr. Mercantante said yes, as long as the grant is valid. Mr. Byrnes wanted to know what mechanism was in place and Brian Nelson said it was the last line in the resolution. Mr. Mercantante said payroll will know when the grant runs out. All voted in favor of its passing.

Resolution 10-197 - Mr. Byrnes asked if we are going to the Local Finance Board on August 11 to seek a waiver of the levy cap. Mr.

Byrnes then asked if there was an amount associated with this waiver. Nick Trisante said the state is recalculating the figures and the Township is waiting for that figure to submit the application. The vote was 4-1 with Mr. Byrnes voting no.

Resolution 10-201 - Mr. Byrnes asked if this was discussed in executive session and Mr. Mercantante said yes. Mr. Byrnes stated for the public that this was for more tax appeals and asked if the figure was in the application and Mr. Trisante said the ordinance states that the CFO and administration is permitted to present the application. He said that the application is submitted with the ordinance so the reviewer knows how much the application is for. All voted in favor of its passing. (This was not available.)

Resolution 10-192 - Payment of bills. All voted in favor of its passing.

Resolution 10-193 - Temporary emergency appropriation All voted in favor of its passing this with comment by Sean Byrnes.

Mr. Byrnes said it obvious that we need to fund government but he would have preferred that cuts were made to deflect making these continuing emergency appropriations. He said that the line item for the library is about \$290K for this appropriation alone. In the future we should anticipate what the shortfalls will be and figure out how they will be covered in December.

## COMMITTEE COMMENTS

Mr. Byrnes said he wants to emphasize that better planning needs to be done. Health costs continue to go up and we don't have a mechanism in place to project what future costs will be. He is very concerned what it costs a resident and businesses to get approvals for zoning and planning type issues. He feels that this process needs to have county wide scrutiny. A resident has to put out around \$10K before a shovel goes in the ground. He said escrow funds

# **YOUR TOWN HALL**

are a burden and maybe if it was regionalized it would help reduce this burden. He added that fire inspection costs are also astronomical for residents and small businesses.

Steve Massell had no comments.

Pam Brightbill was happy to see new faces in the crowd in the courtroom but many have left. After 5 years on the Committee this is the most in attendance for a budget meeting. She said they get much of their feedback from their office hours. It would be great to have a room filled with people but people have a means to contact officials if they want. She said Long Branch is looking to stop televising their meeting because it is a disaster. When she hears of news like this it makes her leery of wanting the meetings televised. Mrs. Brightbill then talked about how the employees of the month love their jobs and a problem with unions is that they don't allow us to compensate employees with a bonus.

Tony Fiore said that things that frustrate the Committee is that we are at a point in time that we have to reign in on benefits as Mr. Byrnes stated. He said we need to drive behavior for future contracts because things have changed from the good times of the 90's. It will be impossible to achieve a 2% cap if we don't regionalize. He said that Red Bank does more fire inspections because they have more businesses and we have to look at more shared services and fire protection is just one of them. He said it is the only way that towns will survive. It will be tough to stay within the 2% cap but few exceptions are included.

Gerry Scharfenberger said the key to survival is to make the 2% cap work and it won't work without the toolbox. He said the Press is doing a good job in explaining the tools which will spread out over towns. All of the tools are needed to be included or it won't work. He went on to comment about Middletown being named in the top 100 towns out of thousands in the country. Money Magazine was

interested in volunteerism and he told them that people like to give.

## **PUBLIC COMMENTS**

Donna Kuntz said that she encountered dump trucks that picked up trash and the trash then blows out of the truck. She said the Leonard Ave. project started in June and she has had problems with code enforcement. There was debris on her neighbor's property which caused additional sections of her fence to be removed. She said that there are already revisions to the plans because a gas line and sewer line were broken. She also requested a phone call before the work began on her property which she is still waiting for. Mr. Maloney said that they did call, but there was no answer. She provided her home and cell phone number to ensure that a phone call would be received before work begins that day.

Cynthia Bianchi was impressed with the beach party on Leonardo and Ideal Beaches. She feels beach usage should be encouraged. She said some people didn't know when the beach party was and that it should be advertised more. She said that the 30% that her taxes went up would pay for the lifeguards on the beach for the next three years, but she is not complaining because they are well worth it.

Lori Stanziale said that volunteer hours have been lost in the Police Explorers because of staff reductions within the police department. The Explorer program has been eliminated because of cuts. Gerry Scharfenberger said that there is a cost involved with this and it far outweighs the hard costs involved. Tony Mercantante interrupted by saying that five police retired, they expect more before the end of the year and they had to backfill and that is what causes this. He said it takes nine months before new police get on the road and they hope the program will start up again.

# **YOUR TOWN HALL**

Jim Grenafege acknowledged John, a Health Inspector, for his help getting his septic field back in order. He said he thought he heard Mrs. Brightbill say she gets feedback from residents and that they know how to contact the Committee. Jim said one of the best ways to reach out to residents is by TV. He then commented on Middletown being 89<sup>th</sup> on the list of one of the best places to live, but it has moved down the list from being number 50 in 2006. He said in comparison Rumson has raised their tax rate for the first time in 3 years and Fair Haven has not raised theirs at all. He said that what he was trying to get at was that the comparisons are not the smartest method and we should be working within Middletown. Sean Byrnes said it is not a joke to compare towns but what we should be comparing is our own budget from year to year. Brian Nelson added that Jim stated earlier that the earlier retirement's ordinance last year was still in effect, but he was incorrect. That ordinance only applied to 3-4 employees and only 2 took advantage of that ordinance.

Don Watson asked if Ted Maloney had gotten the design of the tennis court repaving at Normandy Park yet. Ted Maloney said that he was meeting with the engineer tomorrow and would give Mr. Watson a call. Mr. Watson provided him with his phone number.

No other members of the public came forward to comment so the meeting was adjourned.

**Resolution No. 10-191**  
**RESOLUTION PERMITTING 2010 BUDGET**  
**TO BE READ BY TITLE AT THE PUBLIC HEARING**

WHEREAS, N.J.S.A. 40A:4-10 provides that a municipal budget may be adopted by title where the procedures required by N.J.S.A. 40A:4-8 and 40A:4-9 have been followed; and

WHEREAS, pursuant to Chapter 259 of the Laws of 1995, a summary of the Township of Middletown 2010 municipal and solid waste budgets were published in The Two River Times on July 9, 2010; and

WHEREAS, pursuant to N.J.S.A. 40A:4-9 a copy of the Township of Middletown 2010 municipal and solid waste budgets were posted in Township Hall for at least one week prior to the public hearing; and

WHEREAS, pursuant to Chapter 259 of the Laws of 1995, a copy of the 2010 municipal budget has been made available for public inspection in each municipal library and the Chief Financial Officer has certified that the copies of the 2010 budget were delivered to the library on June 23, 2010; and

WHEREAS, free copies of the Township of Middletown 2010 municipal and solid waste budgets were made available to each person requesting the same, during the week prior to this meeting and during this public hearing.

NOW, THEREFORE, LET IT BE RESOLVED by the Township Committee of the Township of Middletown, Monmouth County, New Jersey that the conditions set forth in N.J.S.A. 40A:4-8, N.J.S.A. 40A:4-9 and Chapter 259, Laws of 1995 have been met; and

FURTHERMORE, LET IT BE RESOLVED that the Township of Middletown 2010 municipal and solid waste budgets shall be read by title at this Public Hearing.

**RESOLUTION NO. 10-\_\_\_\_**

**TOWNSHIP OF MIDDLETOWN  
COUNTY OF MONMOUTH**

**RESOLUTION ADVOCATING LEGISLATIVE EFFORTS TO IMPOSE PAY-  
TO-PLAY RESTRICTIONS ON LABOR UNIONS AND RELATED  
ORGANIZATIONS AND SUPPORTING ASSEMBLY BILL NO. 531 BANNING  
BOTH CORPORATE AND UNION CONTRIBUTIONS**

**WHEREAS**, since 2004, there have been a series of legislative and executive actions which have imposed restrictions on the campaign contributions of those who contract with the State of New Jersey and other public entities, so as to avoid actual conflicts of interest or even the appearance of conflicts of interest in the public contracting process; and

**WHEREAS**, even though these pay-to-play restrictions have had a positive impact on the public contracting process, they have not extended their reach to all business entities that contract with the State of New Jersey and other public entities; and

**WHEREAS**, on January 20, 2010, Governor Chris Christie issued Executive Order No. 7 which attempted to extend similar pay-to-play restrictions applicable to business entities doing business with the State and other local government entities to labor unions and their related labor organizations; and

**WHEREAS**, on May 7, 2010, in Communications Workers of Am. v. Christie, 413 N.J. Super. 229 (App. Div. 2010), the Appellate Division invalidated to the provisions of Executive Order No. 7 that applied to labor unions and their related organizations with collective bargaining agreements with the State and other governmental entities as a violation of the constitutional principle of separation of powers, but did so “without prejudice to the potential adoption of an appropriate statute that might enact pay-to-play reforms covering labor organizations”; and

**WHEREAS**, since 2006, Assemblywoman Amy Handlin of Middletown has introduced legislation currently known as Assembly Bill No. 531 that would, in part, prohibit corporations and labor unions of any kind from making political contributions.

**NOW, THEREFORE, BE IT RESOLVED** by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey that the Township Committee hereby endorses Assembly Bill No. 531 banning political contributions by corporations and labor unions and their related organizations in the State of New Jersey as had been advocated, in part, by Executive Order No. 7 with respect to business entities contracting with government in the State of New Jersey.

**BE IT FURTHER RESOLVED** that the Township Clerk is hereby authorized and directed to send a certified copy of this Resolution to Governor Chris Christie and the

Legislators representing the 13<sup>th</sup> Legislative District of New Jersey that includes the Township of Middletown.

**RESOLUTION CREATING POSITION OF TOWNSHIP ENERGY  
MANAGER FUNDED THROUGH THE TOWNSHIP'S ENERGY  
EFFICIENCY AND CONSERVATION BLOCK GRANT**

**WHEREAS**, the Township of Middletown received an Energy Efficiency and Conservation Block Grant ("EECBG") to direct the Township's Energy Efficiency and Conservation Strategy ("EECS") to be carried out under the grant to achieve a reduction of municipal energy consumption and greenhouse gas emissions, cost savings, and long-term community-wide reductions in energy use; and

**WHEREAS**, the Energy Manager will be responsible for identifying effective methods for achieving maximum participation and efficiency rates, public education, measurement and verification protocols, and the identification of energy efficient technologies; and

**WHEREAS**, the Energy Manager will manage and evaluate the technical aspects of the Township's energy efficiency upgrade projects pursuant to municipal energy audit recommendations and assessments; and

**WHEREAS**, the Energy Manager's responsibilities will also include management of public outreach activities, including the provision of technical assistance to the Green Team Action Committee and its ongoing efforts for certification in the Sustainable Jersey program; and

**WHEREAS**, the Energy Manager will also identify utility rebates and other available federal and state grants on an ongoing basis to assist in paying for recommended energy efficiency upgrades; and

**WHEREAS**, the Township's Planner recommends the creation of this position as it is currently funded by grant, necessary for the implementation of the requirements thereunder, and can be utilized to leverage other sources of federal, state and/or private funding for these purposes, and is projected to result in significant savings in the Township's energy costs, all of which are in the best interests of the environment and the taxpayers of the Township of Middletown.

**NOW, THEREFORE, BE IT RESOLVED** by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey that the Township Administrator is hereby authorized to take any and all actions necessary to create the position of "Energy Master" for the purposes of carrying out the Township's Energy Efficiency and Conservation Strategy and duties directly related or ancillary thereto under the direction of the Township Planner for the term of the Township's

Energy Efficiency and Conservation Block Grant, or until such other source(s) of funding can be identified to continue the position.

**RESOLUTION NO. 10-200**

**TOWNSHIP OF MIDDLETOWN  
COUNTY OF MONMOUTH**

**RESOLUTION AUTHORIZING EXECUTION OF SETTLEMENT  
AGREEMENT WITH NEW JERSEY FIRE EQUIPMENT COMPANY**

**WHEREAS**, a claim totaling approximately \$34,000 was brought by the New Jersey Fire Equipment Company ("NJ Fire") against the Township of Middletown relating to certain disputed invoices dating back to 2006 for equipment ordered by the Middletown Fire Department; and

**WHEREAS**, an investigation by Township purchasing officials determined that the goods were delivered to the Middletown Fire Department under the disputed invoices despite the utilization of improper purchasing procedures, resulting in no payments being applied to the disputed invoices; and

**WHEREAS**, it is the Township's legal position that the purchases were not properly authorized to be made through appropriate purchasing procedures, and knowing this, NJ Fire nevertheless furnished goods to the Middletown Fire Department in anticipation of such authorization, which was never made, and therefore, the disputed invoices remain unpaid and special authorization is required to make any such payments at this time; and

**WHEREAS**, to equitably resolve this matter without the expense of litigation, the parties have agreed to enter into a Settlement Agreement for \$17,000 (approximately one-half of the claimed sum) to be paid to NJ Fire by the Township of Middletown pursuant to the terms and conditions of the Settlement Agreement attached hereto as Exhibit A.

**NOW, THEREFORE, BE IT RESOLVED** by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey that the Mayor and Clerk are hereby authorized and directed to execute the Settlement Agreement attached hereto as Exhibit A with the New Jersey Fire Equipment Company pursuant to the terms and conditions described therein settling any and all claims for \$17,000 to be paid over a period of no more than six (6) months.

ORDINANCE NO. 2010-3010

TOWNSHIP OF MIDDLETOWN  
COUNTY OF MONMOUTH

ORDINANCE AUTHORIZING TOWNSHIP ADMINISTRATOR TO NEGOTIATE INTERLOCAL SERVICES AGREEMENT FOR THE PROVISION OF UNIFORM FIRE CODE SERVICES WITH THE BOROUGH OF RED BANK PURSUANT TO THE UNIFORM SHARED SERVICES AND CONSOLIDATION ACT

WHEREAS, the Uniform Shared Services and Consolidation Act (N.J.S.A. 40A:65-1 et seq.) encourages municipalities to share and consolidate services in order to promote efficiency while reducing the cost of government; and

WHEREAS, dramatic cuts in State aid, impending changes to municipal laws and regulations, and the current state of the economy require the entry of an expanding number of shared service arrangements; and

WHEREAS, the Township of Middletown has requested that the Borough of Red Bank provide Uniform Fire Code services, which are required by law, to the Township of Middletown; and

WHEREAS, the Borough of Red Bank Fire Marshal's Office would serve as the inter-local Local Enforcing Agency pursuant to N.J.A.C. 5:71-2.3(a) et seq., and said services shall include that of Fire Official, Fire Inspector(s), and Fire Investigator(s) currently provided under Chapter 132 of the Code of the Township of Middletown (1996); and

WHEREAS, the Township of Middletown would compensate the Borough of Red Bank for said Uniform Fire Code Services in accordance through an Interlocal Services Agreement to be negotiated by the Township Administrator with such compensation principally being derived from inspection and related fees; and

WHEREAS, the Township Committee of the Township of Middletown believes that such a shared services agreement is in the best interests of the two municipalities as it will promote economy and efficiency in government that will benefit the taxpayers of both communities while providing and improving upon an essential municipal service, which is required to be provided by State law.

NOW, THEREFORE, BE IT ORDAINED by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey that Chapter 132 of the Code of the Township of Middletown (1996) is hereby amended and supplemented as follows:

**SECTION I. Interlocal Fire Prevention Services Permitted**

The Township Administrator is authorized to negotiate an Interlocal Services Agreement with the Borough of Red Bank to provide Uniform Fire Code services addressed under this Chapter subject to the approval of the governing body through adoption by Resolution pursuant to terms and conditions described therein.

The purpose of this ordinance is to govern dumpsters and other refuse containers that are outdoors or exposed to stormwater to be covered at all times and prohibits the spilling, dumping, leaking, or otherwise discharge of liquids, semi-liquids or solids from the containers to the municipal separate storm sewer system(s) operated by the Township of Middletown and/or Township of Middletown Sewerage Authority to protect the waters of the State so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

**SECTION II. Definitions.**

For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) - a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, manmade channels, or storm drains) that is owned or operated by the Township of Middletown and/or Township of Middletown Sewerage Authority, or other public body, and is designed and used for collecting and conveying stormwater. MS4s, however, do not include combined sewer systems, which are sewer systems that are designed to carry sanitary sewage at all times and to collect and transport stormwater from streets and other sources.

PERSON – any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

REFUSE CONTAINER – any waste container that a person controls whether owned, leased, or operated, including dumpsters, trash cans, garbage pails, and plastic trash bags.

STORMWATER – means water resulting from precipitation (including rain and snow) that runs off the land's surface, is transmitted to the subsurface, is captured by separate storm sewers or other sewerage or drainage facilities, or is conveyed by snow removal equipment.

WATERS OF THE STATE – means the ocean and its estuaries, all springs, streams and bodies of surface or ground water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

### **SECTION III. Prohibited Conduct.**

*Any person who controls, whether owned, leased, or operated, a refuse container or dumpster must ensure that such container or dumpster is covered at all times and shall prevent refuse from spilling out or overflowing. Any person who owns, leases or otherwise uses a refuse container or dumpster must ensure that such container or dumpster does not leak or otherwise discharge liquids, semi-liquids or solids to the municipal separate storm sewer system(s) operated by the Township of Middletown or Township of Middletown Sewerage Authority.*

### **SECTION IV. Exceptions to Prohibition.**

- a. Permitted temporary demolition containers
- b. Litter receptacles (other than dumpsters or other bulk containers)
- c. Individual homeowner trash and recycling containers
- d. Refuse containers at facilities authorized to discharge stormwater under a valid NJPDES permit
- e. Large bulky items (e.g., furniture, bound carpet and padding, white goods placed curbside for pickup)

### **SECTION V. Enforcement.**

This ordinance shall be enforced by the Police Department, Code Enforcement and/or Department of Public Works of the Township of Middletown.

### **SECTION VI. Penalties.**

Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine pursuant to Section 16-1011 of the Code of the Township of Middletown for each violation.

**SECTION VII. Severability.**

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance

**SECTION VIII. Effective date.**

This Ordinance shall become effective upon adoption and publication pursuant to law

**NOTICE**

This is a copy of Ordinance No. 2010-3011 that was introduced at a scheduled meeting of the Township Committee of the Township of Middletown, July 19, 2010 held over for further consideration upon second reading and final passage at a meeting of the Township Committee to be held in the Main Meeting Room in the Township Hall, One Kings Highway, Middletown, on Monday, August 16, 2010 at 8:00 p.m., at which time all persons interested will be given an opportunity to be heard.

**ORDINANCE AUTHORIZING THE EXCLUSION OF COTTAGE GATE  
COMMUNITY FROM THE TOWNSHIP'S GARBAGE DISTRICT**

**WHEREAS**, the Township of Middletown maintains the operation of a Solid Waste District ("the District") authorized pursuant to N.J.S.A. 40:66-8 et seq. that existed prior to December 31, 1989, and as amended, since that time; and

**WHEREAS**, N.J.S.A. 40:66-8 specifically authorizes municipalities maintaining such districts to amend its boundaries by ordinance; and

**WHEREAS**, the Community of Cottage Gate in the Township of Middletown has requested its exclusion from the District due to the design and layout of the community that limits the ability of the District's garbage contractors' vehicles to operate without creating the likelihood of damage to public improvements and with undue convenience to residents; and

**WHEREAS**, the Township Engineer and Public Works Director have reviewed the community's request and analyzed the conditions precipitating the same and agrees that the issues presented are significant enough to recommend the community's exclusion from the District; and

**WHEREAS**, the Township's contract with its garbage haulers allows for pro rata adjustments prior to the expiration of the term of the contract.

**NOW, THEREFORE, BE IT ORDAINED** by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey that Chapter 230 of the Code of the Township of Middletown (1996) is hereby amended and supplemented as follows:

**§ 230-12. Exclusions From District.**

The following blocks and/or lots contained on the Official Tax Map shall be excluded from the Township of Middletown's Solid Waste District upon acceptance and implementation of a transition plan by the Township Engineer and Public Works Director with adequate notice being provided to affected residents regarding the same.

- a. Blocks 729 and 746 (Cottage Gate).

**Repealer.**

Any ordinances, or portions thereof, which are inconsistent with the provisions of this ordinance shall and are hereby repealed to the extent of any such inconsistency.

**Severability.**

The provisions of this Ordinance shall be severable. In the event that any portion of this Ordinance is found to be invalid for any reason by any Court of competent jurisdiction, such judgment shall be limited to its effect only to the portion of the Ordinance actually adjudged invalid and shall not be deemed to affect the operation of any other portion thereof, which shall remain in full force and effect.

**Effective Date.**

This Ordinance shall become effective upon adoption pursuant to law.

**TOWNSHIP OF MIDDLETOWN**  
**NOTICE**

This is a copy of Ordinance No. 2010-3013 that was introduced at a scheduled meeting of the Township Committee of the Township of Middletown, July 19, 2010 held over for further consideration upon second reading and final passage at a meeting of the Township Committee to be held in the Main Meeting Room in the Township Hall, One Kings Highway, Middletown, on Monday, August 16, 2010 at 8:00 p.m., at which time all persons interested will be given an opportunity to be heard.

**ORDINANCE GOVERNING PRIVATE STORM DRAIN INLET RETROFITTING**

**NOW, THEREFORE, BE IT ORDAINED** by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey that Chapter 16 of the Code of the Township of Middletown is hereby amended and supplemented as follows:

**SECTION I. Purpose.**

The purpose of this ordinance is to address the retrofitting of existing storm drain inlets which are in direct contact with repaving, repairing, reconstruction, or resurfacing or alterations of facilities on private property, to prevent the discharge of solids and floatables (such as plastic bottles, cans, food wrappers and other litter) to the municipal separate storm sewer system(s) operated by the Township of Middletown so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

**SECTION II. Definitions.**

For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) - a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, manmade channels, or storm drains) that is owned or operated by the Township of Middletown and/or Township of Middletown Sewerage Authority, or other public body, and is designed and used for collecting and conveying stormwater. MS4s, however, do not include combined sewer systems, which are sewer systems that are designed to carry sanitary sewage at all times and to collect and transport stormwater from streets and other sources.

PERSON – any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

STORM DRAIN INLET - an opening in a storm drain used to collect stormwater runoff and includes, but is not limited to, a grate inlet, curb-opening inlet, slotted inlet, and combination inlet.

WATERS OF THE STATE – means the ocean and its estuaries, all springs, streams and bodies of surface or ground water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

### **SECTION III. Prohibited Conduct.**

No person in control of private property, except a residential lot with one single family house, shall authorize the repaving, repairing (excluding the repair of individual potholes), resurfacing (including top coating or chip sealing with asphalt emulsion or a thin base of hot bitumen), reconstructing or altering any surface that is in direct contact with an existing storm drain inlet on that property unless the storm drain inlet either:

- 1. Already meets the design standard below to control passage of solid and floatable materials; or*
- 2. Is retrofitted or replaced to meet the standard in Section V below prior to the completion of the project.*

### **SECTION V. Design Standards.**

Storm drain inlets identified in Section IV above shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, “solid and floatable materials” means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Section V.3 below.

1. Design engineers shall use either of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:

- a. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines (April 1996); or
- b. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension.

Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater basin floors.

2. Whenever design engineers use a curb-opening inlet, the clear space in that curb opening (or each individual clear space, if the curb opening has two or more clear spaces) shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.
3. This standard does not apply:

- a. Where the municipal engineer agrees that this standard would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets that meet these standards;
- b. Where flows are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:
  - i. A rectangular space four and five-eighths inches long and one and one-half inches wide (this option does not apply for outfall netting facilities); or
  - ii. A bar screen having a bar spacing of 0.5 inches.
- c. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1") spacing between the bars; or
- d. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

#### **SECTION V. Enforcement.**

This ordinance shall be enforced by the Police Department, Code Enforcement and/or Department of Public Works of the Township of Middletown.

#### **SECTION VI. Penalties.**

Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine pursuant to Section 16-1011 of the Code of the Township of Middletown for each storm drain inlet that is not retrofitted to meet the design standard.

#### **SECTION VII. Severability.**

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

#### **SECTION VIII. Effective date.**

This Ordinance shall become effective upon adoption and publication pursuant to law.

This is a copy of Ordinance No. 2010-3014 that was introduced at a scheduled meeting of the Township Committee of the Township of Middletown, July 19, 2010 held over for further consideration upon second reading and final passage at a meeting of the Township Committee to be held in the Main Meeting Room in the Township Hall, One Kings Highway, Middletown, on Monday, August 16, 2010 at 8:00 p.m., at which time all persons interested will be given an opportunity to be heard.

**AN ORDINANCE AUTHORIZING INDEMNIFICATION AND  
DEFENSE OF MUNICIPAL OFFICERS AND EMPLOYEES**

**WHEREAS**, the Township of Middletown has determined that there is a need to provide indemnification and defense in those situations where employees of the municipality have been subject to litigation for actions or omissions arising out of their employment; and

**WHEREAS**, N.J.S.A. 59:10-4 permits local public entities to indemnify local public employees for acts or omissions arising out of their employment, which subjects such employees to litigation; and

**WHEREAS**, N.J.S.A. 59:10-4 also permits a local public entity to provide indemnification to an employee for punitive and exemplary damages, provided the municipality determines that the officer or employee's actions did not constitute actual fraud, actual malice, willful misconduct or an intentional wrong.

**NOW, THEREFORE, BE IT ORDAINED** by the Township Committee of the Township of Middletown in the County of Monmouth, State of New Jersey that the Code of the Township of Middletown (1996) is hereby amended and supplemented as follows:

**SECTION I. Indemnification of Township Officers and Employees**

- A. Notwithstanding terms of any collective bargaining agreement to the contrary, the Township Administrator, ~~in consultation with the Township Attorney,~~ governing body is hereby authorized to provide indemnification or defense for any person holding an office or employment under the jurisdiction of the Township of Middletown, whenever any action has been or shall be brought against any such person, arising from the acts or omissions of such person from their assigned duties.
- B. In indemnifying and defending such persons, the Township shall incur all costs of defending such action, including reasonable counsel fees and expenses, together with the costs of appeal, if any, and shall hold harmless and protect such person for any financial loss resulting therefrom.

- C. Subject to the terms of this ordinance, the Township Attorney shall defend Township officers or employees. If the Township Attorney is conflicted or unable to participate in said defense, the governing body shall appoint special or conflict counsel.
- D. In the event that any officer or employee or board member engages an attorney without the approval of the municipality and prior agreement as to the cost of services, all costs so incurred shall be the sole responsibility of that officer or employee.
- E. Any officer or employee of the Township being indemnified by the Township and represented by counsel for the Township must cooperate fully with the Township's assigned counsel in their defense unless they wish to waive such representation; thereafter, all costs or liability so incurred shall be the sole responsibility of that officer or employee.
- F. That notwithstanding anything to the contrary set forth above, the Township will not be responsible for indemnification under the following circumstances:
  - (1) Judgment or settlement of a civil cause of action relating to a claim based upon criminal activity, actual fraud, actual malice, or willful misconduct, or actions outside the scope of the officer or employees official duties.
  - (2) Judgments calling for punitive or exemplary damages, unless the Township Committee first determines the officer or employee's actions did not constitute actual fraud, actual malice, gross misconduct, or an intentional tort.
  - (3) Judgments with respect to which any insurance coverage is available for payment.
  - (4) Where any officer or employee is found to have acted in violation of the Local Government Ethics Law, N.J.S.A. 40A:12A-1 et seq.

## **SECTION II. Severability**

If any section, subsection, sentence, clause or phrase of this ordinance is for any reasons held to be unconstitutional, invalid, or unenforceable by a court of competent jurisdiction, such decision shall not affect the remaining portions of this ordinance.

## **SECTION III. Repealer**

All other ordinances in conflict or inconsistent with this ordinance are hereby repealed, to the extent of such conflict or inconsistency. In the event of any inconsistencies between the provisions of this ordinance and any prior ordinance of the Township of Middletown, the provisions hereof shall be determined to govern.

**SECTION IV.       Effective Date**

This ordinance shall take effect upon final passage and publication in accordance with the law.
